## **KUWAIT CATALYST COMPANY achieves ISO 14001:2004**

**KUWAIT CATALYST  
COMPANY**

**TUV Rheinland Group**

Mr. Ahmed El Tuwaisy, Deputy Managing Director, TUV Rheinland , Mr. Mohammed Yassien, Head of TPI, Molden Management Consultant Co and Mr. Khalid Al Othman, Managing Director, Kuwait Catalyst Company on the occasion of receiving ISO 14001:2004

Kuwait, 19<sup>th</sup> April 2006.

Kuwait Catalyst Company, the only manufacturer of refining catalyst in the MENA region is pleased to announce that the company has been granted ISO 14001:2004 certification.

Kuwait Catalyst Company's Environmental Management System, which meets the requirements of the internationally recognized ISO 14001: 2004 standard, ensures the company effectively minimizes any potentially harmful effects on the environment caused by its activities, achieves continual improvement of its environmental performance, and ensures the company meets all necessary statutory and regulatory obligations.

Mr. Khalid Al Othman, Managing Director of Kuwait Catalyst Company said, "Gaining ISO 14001:2004 certification effectively demonstrates that Kuwait Catalyst Company is committed ethically to raising environmental standards through improving practices within the factory which reflect meeting our obligation towards a clean environment in Kuwait".

Kuwait Catalyst Company has also achieved ISO 9001:2001 certification in 2002 in recognition that the company has a Quality Management System meeting the requirements of the International organization for standardization.
